Letter or A4?

Every folder holds two copies of each file. Use the US-Letter folder if your printer takes 8.5 x 11 inch paper (USA, Canada, Mexico), and the A4 folder everywhere else. The start of each file name tells you the theme and the end tells you the paper size.

Printing tips

- Print at 100% or Actual size. Fit to page also works but makes everything a little smaller.
- Bingo cards last longer on cardstock. A sheet protector and a dry-erase marker make them reusable.
- Printing in grayscale works well for every page if you want to save colored ink.
- Answer keys are at the back of each word search and word scramble file, so you can stop printing before them.
- Each chart file has 4 color versions. Print only the page with the color you like.

Your license

You may print these files as often as you like for your own home, your own parties and events, and the classes you teach yourself. Please do not resell or share the files, or upload them where others can download them. Each teacher who wants the pack needs their own copy. Thank you for keeping a small project going.
